ABOUT DDSO

DDSO exists to enrich the quality of life for persons with intellectual and developmental disabilities by fostering individual *growth, creativity, and community involvement* through innovative strategies and artistic expression.

DDSO provides a broad range of programs that champion the creativity and potential within the hearts and minds of adults with intellectual and developmental disabilities.

DDSO firmly believes that with adequate support, individuals can move beyond their challenges to make appropriate residential and lifestyle choices; develop communication, living, and working skills; and discover avenues of artistic expression.

Through full participation in life and positive interactions with the community-at-large, individuals with disabilities can realize their individual potential, meeting their own expectations and those of loved ones.
